The background of the image is a close-up, high-contrast photograph of a moss-covered rock surface. The moss is a vibrant green, growing in dense, irregular patches that follow the contours and crevices of the dark, textured rock. The lighting is dramatic, with deep shadows in the rock's recesses and bright highlights on the moss, creating a rich, organic texture.

“Fabulous comes from relax.”

"Genuine workwear designs through relaxed silhouettes and color palettes."

A close-up photograph of a person with dark hair, wearing a white, quilted jacket. They are holding the jacket's collar up to their face, partially obscuring it. Only their eyes and part of their nose are visible through the opening. The background is a bright blue sky with scattered white clouds. The lighting is natural, suggesting an outdoor setting.
